Ready-Reserve Listing

REFERENCE: GRA Ready Reserve Listing, Annual Revision, 1 November 1957

1. It is requested that you review and update the attached Ready Reserve Listing and return to OCh/G/RR by 3 November 1958.
2. In the interest of uniformity and better utility, it is requested that each division revise its listing so as to incorporate three separate sublistings as follows:

- a. Agency alumni (showing present government affiliation, if any.)
- b. Personnel unaffiliated with CIA and not presently employed or serving in another Government component.
- c. Personnel employed by other Government agencies or on active duty in the military services (showing exact agency or military component, if known.)

The last known address, or whereabouts, should be included with each listing.

3. An especial effort should be made to list younger people who would be quality prospects for emergency recruitment at the GS-5 -- GS-11 level. For your information, there is attached a list (see attachment #2) of names cited in the 1955 ORR Mobilization Plan which were omitted by one or another of the divisions in the November 1957 GRA listing.

Attachment: 1. Reserve Listings of Divisions
2. See para. 3 above
